

SEVERTSON

Universal Projector Mounts

Many Colors, Shapes, and Sizes

White Mounts

Three models available

LPMOUNT—4 1/2" from ceiling (shown)

SWMOUNT—17" to 24" (shown)

LWMOUNT—28" to 49"

Mounting hardware included for most projectors. Adjustable Extension Universal Ceiling Projector Mount with tilt, swivel, slide, and small cable path. The LPMOUNT is not adjustable in length and does not have a cable path.

Silver Mounts

Two models available

SLPMNT—4 1/2" from ceiling (shown)

SEMNT—21" (shown)

Mounting hardware included for most projectors. Universal Ceiling Projector Mount with tilt, swivel, and slide. Very quick assembly process. Mount has spring loaded locks to hold your projector. Mounting and taking your projector down has never been easier.

Black Mounts

Five models available

OMIP—9" from ceiling (shown)

OMIP2—14" to 18"

OM2P—18" to 36" (shown)

OM3P—14" to 34"

OM2P2—18" to 49"

Mounting hardware included for most projectors. Adjustable Extension Universal Ceiling Projector Mount with tilt, swivel, slide, and small cable path. Large cable path great for home theaters and a very clean install.
